© RALV is a product of DEZIMAL GmbH.

# Basis Z EDOF

## The evolution of standard

Outstanding EDOF performance and minimized glistenings. Using innovative wavefront linking technology.

# Basis Z trifocal

## Less steps, more vision.

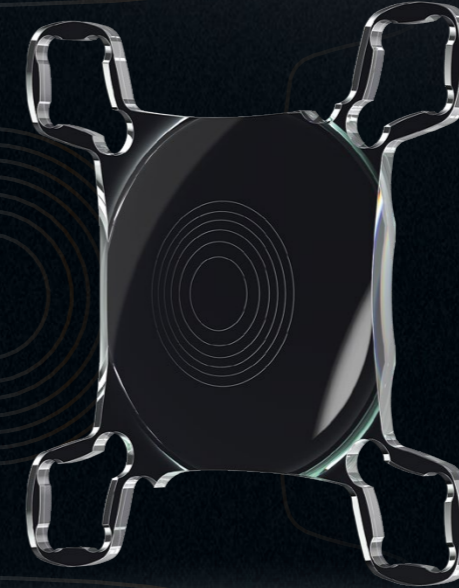

High-end trifocality on proven IOL platform. Using optimized EPS technology.

# AddOn<sup>®</sup>

## The upgrade for pseudophakic eyes

1stQ patented sulcus lens for optimized refraction results or subsequent upgrades for spectacle independence.

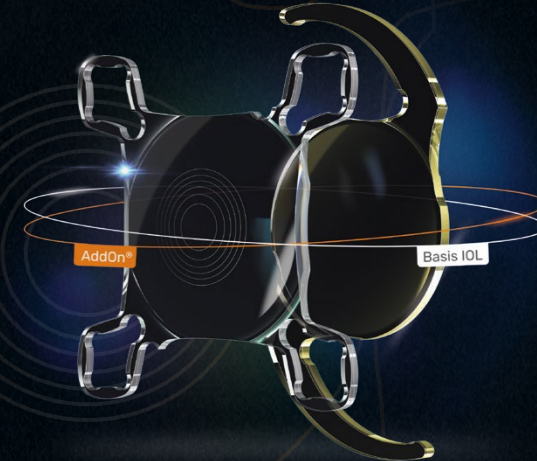

# Liberty<sup>2</sup>

## The Dual-Lens Procedure

State-of-the-art IOL solution for flexible presbyopia correction.

Precise. Reversible. Sustainable.

(Liberty<sup>2</sup> is available in Germany only.)
